Subscribing to The DeepTranslate API via RapidAPI

**1**   Navigate to **https://rapidapi.com/hub**

2   In the search bar at the top the screen, type "deeptranslate" and select the first result
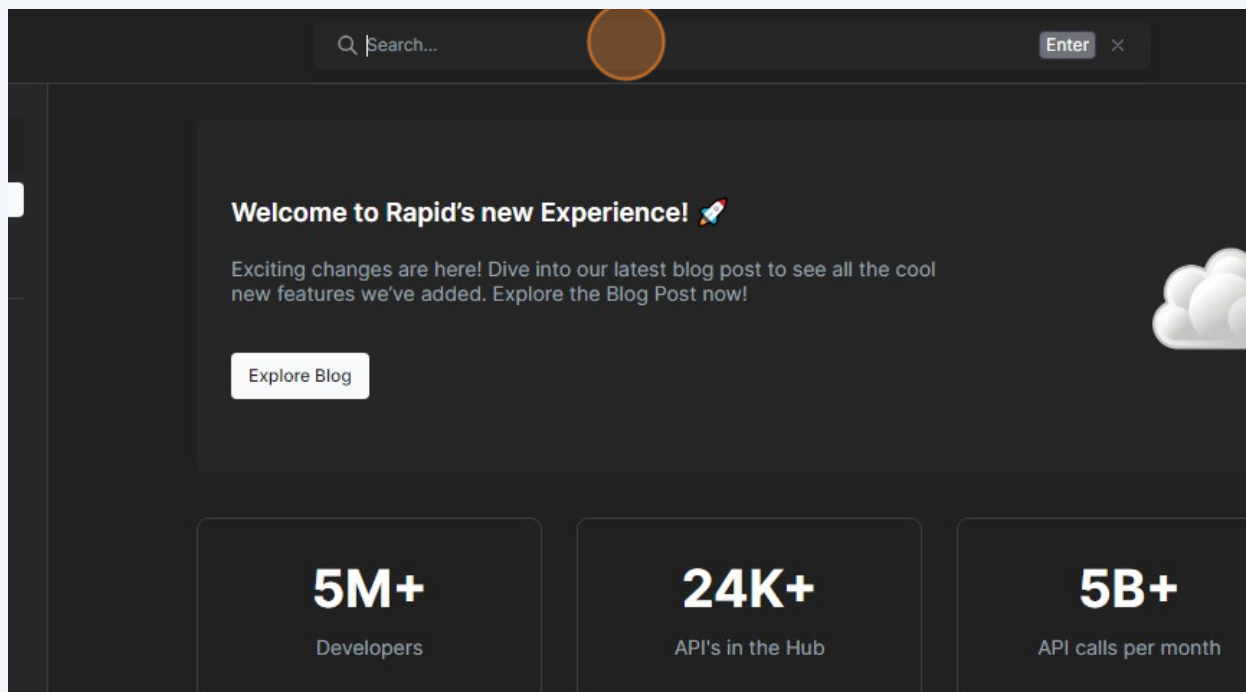

**3** Click "Deep Translate" in the breadcrumb trail

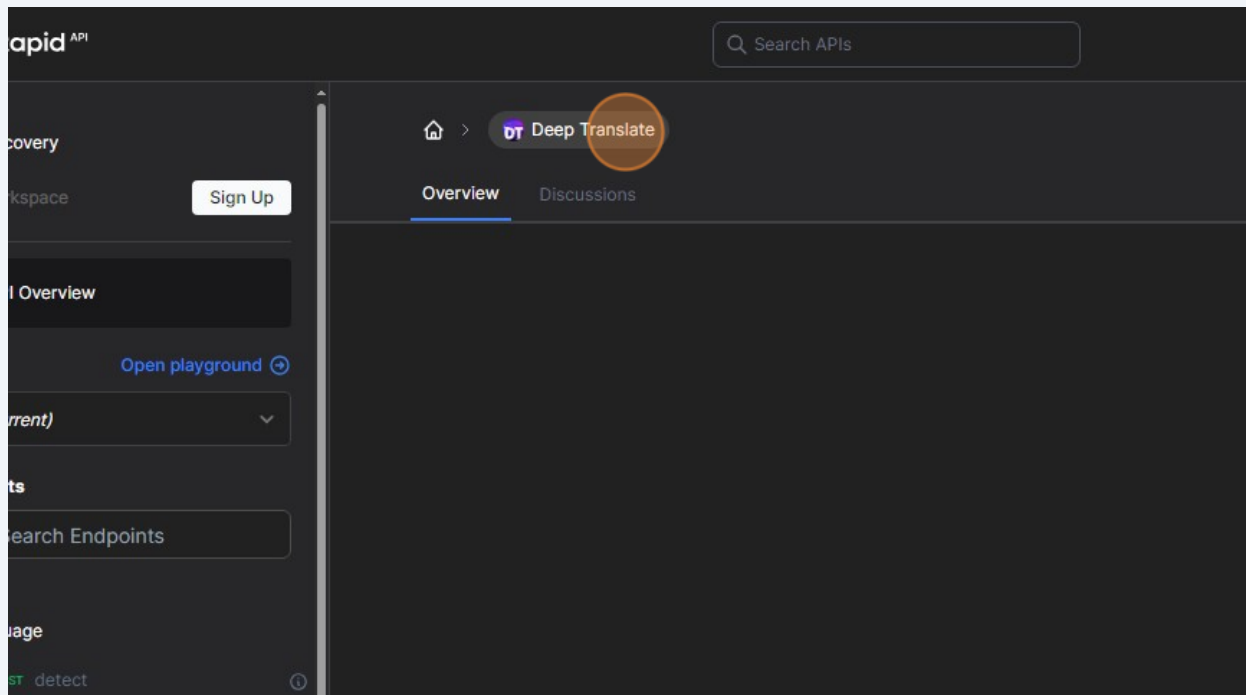

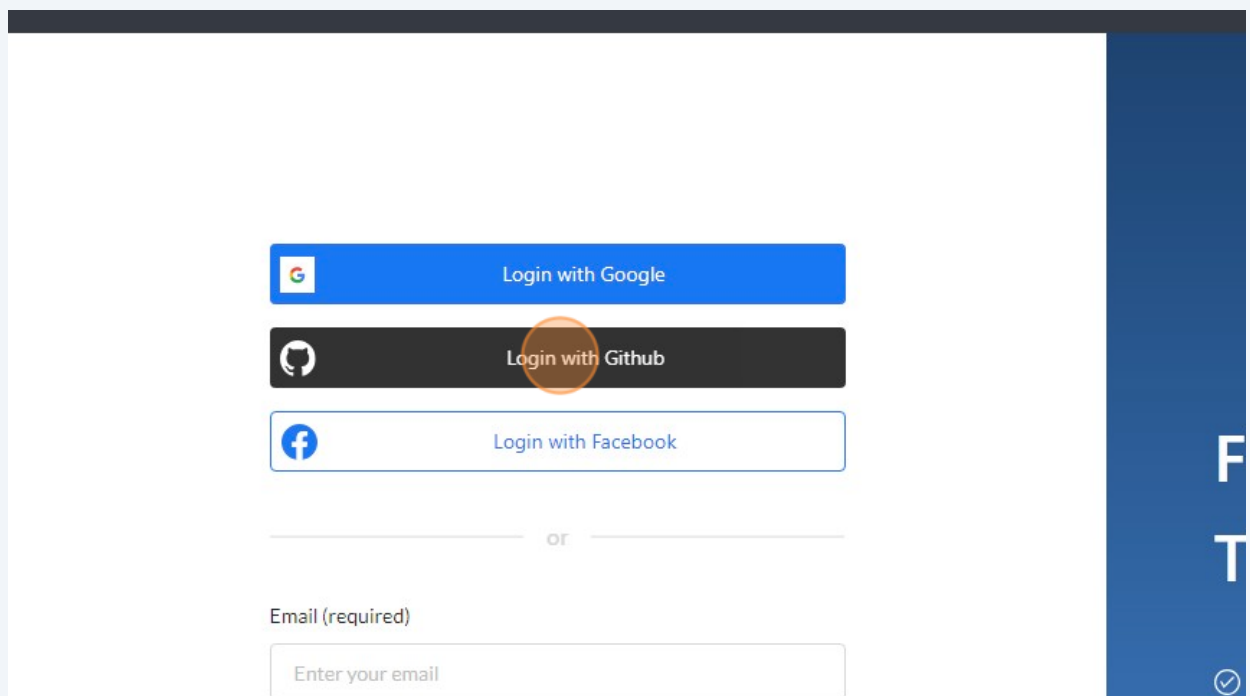

4 Select the appropriate plan

5 Click "Start Free Plan" (or "Choose This Plan" if you selected one of the paid options)

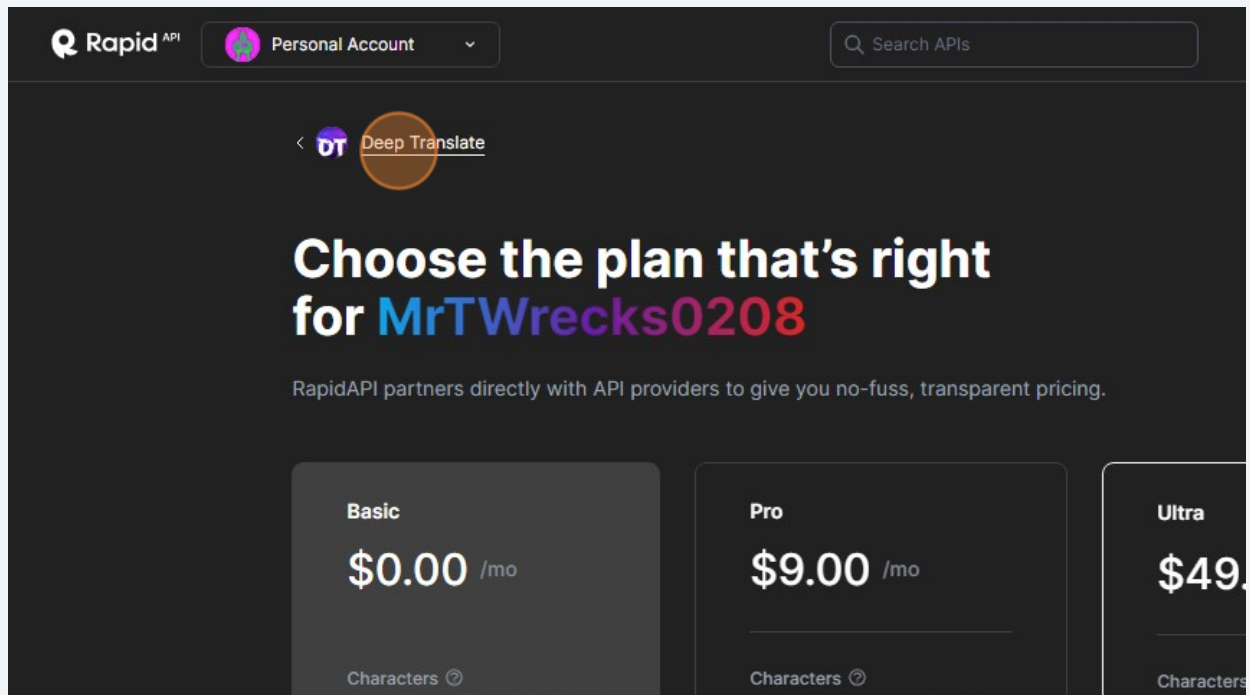

6 Login using the same account you used to subscribe to the Full-Text-RSS API

7   Click "Deep Translate"

8   Click on profile picture in upper right-hand corner of screen, then select 'Personal Billing' from dropdown menu.
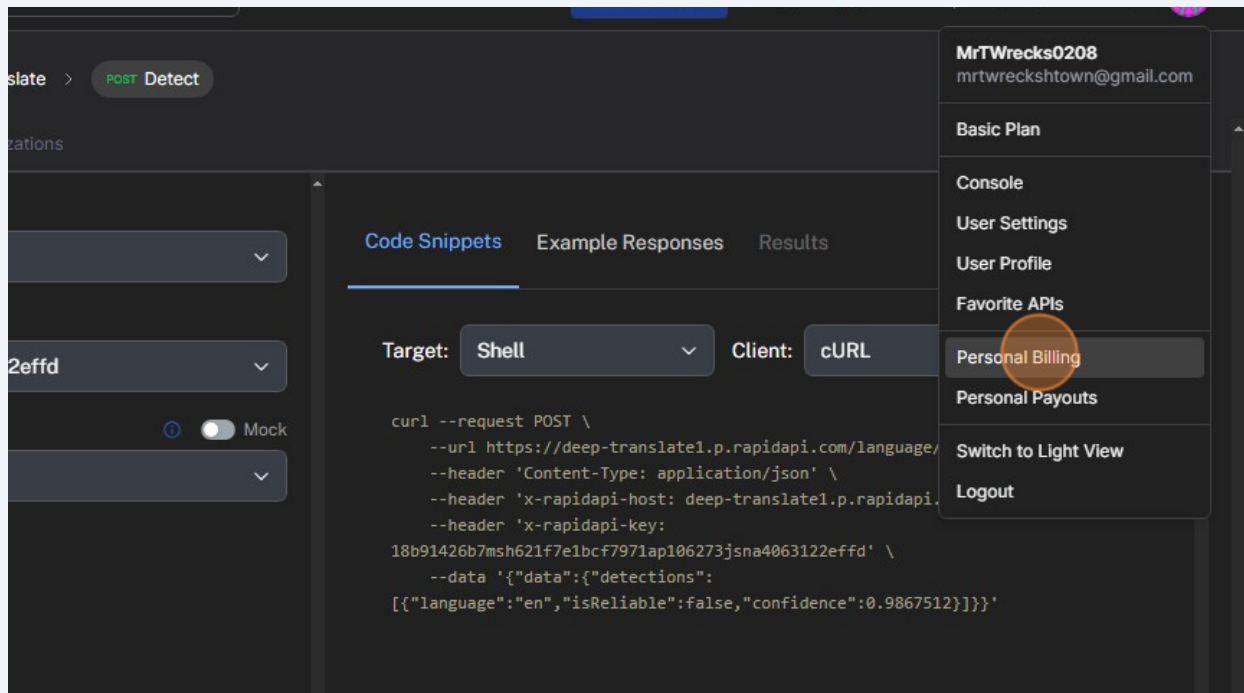

9 Click on default* application
